

The Index is more than just a list of course content, check off the hand outs as you work through the course they are in the sessions that they most relate to, however just like in Life they do not stand a lone and they all relate to each other and compliment each other.

And just like in Life they don't always flow from 1 to 14, be prepared to be flexible, the course has been designed to be a challenge just like CP.

The PowerPoint and the course work do compliment each other but just like life they catch you out some times.

There is a gradual learning approach that is designed to compliment you and the way you look at CP, it is not a do this do that course, it is more of a this is the problem you have the knowledge, now work it out, and come up with a solution.

The course has been designed to protect you, as well as the principal.

## INDEX

Forms to be completed at start of course.

### Acceptable Proofs of ID Recognised by the SIA

- 1) Explanation of levels
- 2) Blank CPD Template PowerPoint Memory Stick)
- 3) CV Template (PowerPoint Memory Stick)
- 4) Training needs Analysis Template (PowerPoint Memory Stick)
- 5) Declaration of acceptance to under take physical skills training
- 6) Delegate fitness questionnaire
- 7) Post training questionnaire
- 8) Reflective learning statement
